It's a good time to get some practice with lists. Pretend you're the Python interpreter and trace though this code, figuring out what the final output is. After you've completed the exercise, we'll take our list knowledge a little further.

Code	Eighties	newwave	remember	band
`eighties = ['', 'duran duran', 'B-52s', 'muse']` `newwave = ['flock of seagulls', 'postal service']`	['', 'duran duran', 'B-52s', 'muse']	['flock of seagulls', 'postal service']		
`remember = eighties[1]`	['', 'duran duran', 'B-52s', 'muse']	['flock of seagulls', 'postal service']	'duran duran'	
`eighties[1] = 'culture club'`	['', culture club ', 'B-52s', 'muse']	['flock of seagulls', 'postal service']	'duran duran'	
`band = newwave[0]`	['', culture club ', 'B-52s', 'muse']	['flock of seagulls', 'postal service']	'duran duran'	'flock of seagulls'
`eighties[3] = band`	['', culture club ', 'B-52s', 'flock of seagulls']	['flock of seagulls', 'postal service']	'duran duran'	'flock of seagulls'
`eighties[0] = eighties[2]`	['B-52s', culture club ', 'B-52s', 'flock of seagulls']	['flock of seagulls', 'postal service']	'duran duran'	'flock of seagulls'
`eighties[2] = remember`	['B-52s', culture club ', ' duran duran ', 'flock of seagulls']	['flock of seagulls', 'postal service']	'duran duran'	'flock of seagulls'
`print(eighties)`	['B-52s', culture club ', ' duran duran ', 'flock of seagulls']
